Chiperoni weather conditions are expected to start developing from tomorrow evening. This will bring cooler daytime temperatures, strong winds, and mostly cloudy conditions, with a few isolated showers. The weather will be influenced by an incoming high-pressure system, which will bring moist south-easterly winds into the country.

WARNING: Strong Mwera winds of up to 50km/h are also expected to start blowing over Lake Malawi and other water bodies from tomorrow evening, therefore Fishermen and other lake users should exercise caution.

WINDS: Generally South-easterlies
