⚠ Strong and Gusty Winds Expected Overland — Secure Property and Exercise Caution

Urgency: Immediate **Severity:** Moderate
Certainty: Likely

Issued:	Effective:	Onset:	Expires:
Sun 22 Nov 2026 14:33	Sun 22 Nov 2026 14:00	Sun 22 Nov 2026 22:00	Fri 27 Nov 2026 17:00

Area:
Malawi

Description:
Strong and gusty winds are expected overland across much of Malawi. The winds may blow dust, move loose items, and cause brief reduced visibility. Outdoor activities may be disrupted at times

Instruction:

Members of the public are advised to exercise caution during gusty periods. Secure loose items such as light roofing materials and temporary shelters. Motorists, cyclists and pedestrians should be alert to dust and flying light debris. Stay updated with further forecasts and warnings from the Department of Climate Change and Meteorological Services (DCCMS).
