	Medium		1	5	9
	Low			4	8
	Very low			3	7
		Minimal	Minor	Significant	Severe
Impact					

Expect an increase in day time temperature, partly cloudy and hazy conditions across Malawi due to the influence of warm easterly air mass. However localized convergence may generate brief isolated light rains in some few areas.

**ADVISORY:** Moderate Mvuma winds are expected occasionally over Lake Malawi and other water bodies throughout the week. All lake users are therefore still advised to remain alert and exercise caution.
