Expect Windy, partly cloudy and hot conditions with a chance of isolated thunderstorms until Friday 31st October 2025 due to influence of a high pressure system. Partly cloudy and hot conditions are however expected over the weekend due to warm easterlies. Afterward, expect windy, mostly cloudy conditions with isolated thunderstorms as moist south-easterlies converge with warm, dry easterlies.

ADVISORY: Rough conditions are expected over water bodies such as Lake Malawi and Lake Chirwa throughout the forecast period. All lake users are therefore advised to stay alert.
